symbols

c-coravin

coravin system have a small, hollow needle that pierces through the cork. pure argon gas is injected into the bottle to replace the lost wine and preserve what's left.

v-vegan

vegan wine is wine that is produced without the use of any animal-derived by-products or fining agents

o-organic

organic wine is produced from grapes that have been grown without the use of synthetic pesticides, herbicides or fertilizers. additionally, the winemaking process for organic wines involves minimal intervention and the use of fewer additives.

b-biodynamic

biodynamic wine is produced using a holistic farming approach known as biodynamics, which goes beyond the principles of organic farming. biodynamic farming integrates spiritual, cosmic and ecological concepts, viewing the vineyard as a self-sustaining ecosystem.

vg-vegetarian

vegetarian wine is produced using fining agents derived from non-animal sources.

k-kosher

kosher wine adheres to strict jewish dietary laws, crafted under rabbinical supervision to ensure the entire winemaking process complies with kosher requirements.

s-sustainable

sustainable wines can be described by focusing on environmentally conscious and socially responsible practices in both grape cultivation and winemaking.

nv-non vintage

non-vintage wines are blends carefully crafted from grapes harvested in different years.
